RE: Request for Board Approval, Amount and Form of Reclamation Surety, Meadow Valley Contractors, Inc./Rancho Equipment Services, Topaz Valley Limestone Quarry, M/023/022, Juab County, Utah

The Division seeks Board approval of the amount and form of Reclamation Surety provided by Meadow Valley Contractors, Inc. on behalf of the operator, Rancho Equipment Services, for the Topaz Valley Limestone Quarry, located in Juab County, Utah. This is an existing small mining operation located on federally managed BLM land, that is being expanded to a large mining category. Meadow Valley Contractors has provided a \$35,300 (1999 dollars) joint agency reclamation surety bond (from Insurance Company of North America), for @16 acres of projected surface disturbance. High grade crushed limestone is being produced and delivered principally to the local Intermountain Power Project for use as a stack emissions scrubber/suppressant.

Attached for your review are copies of the following documents:

1. Summary checklist
2. Location map
3. Executive summary
4. Reclamation surety estimate
5. Reclamation Contract (FORM MR-RC)
6. Joint Agency Surety bond (Attachment B - MR FORM 6)

Thank you for your time and consideration of this request.
